

From Durban to Dunedin

Dr Lisa Argilla

BSc(Agric), BVSc, MVSc (Wildlife Health),
MANZCVS (Avian Health)

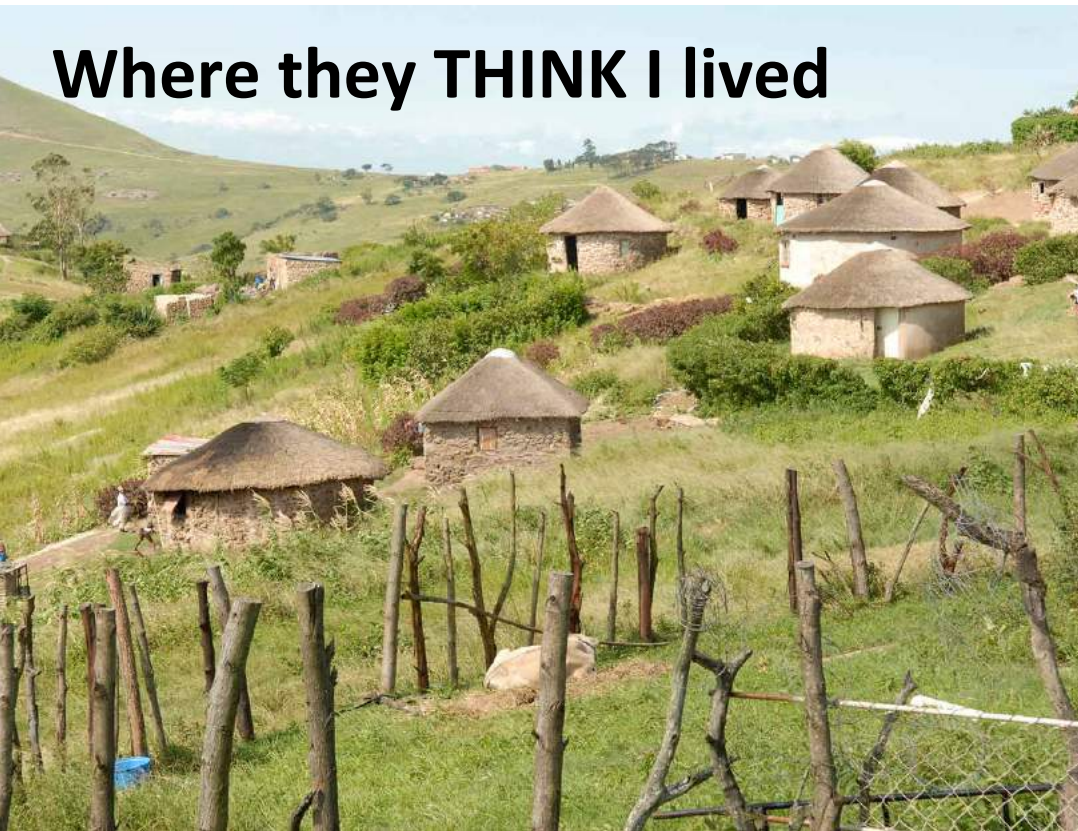

Director and Wildlife Veterinarian

The Wildlife Hospital

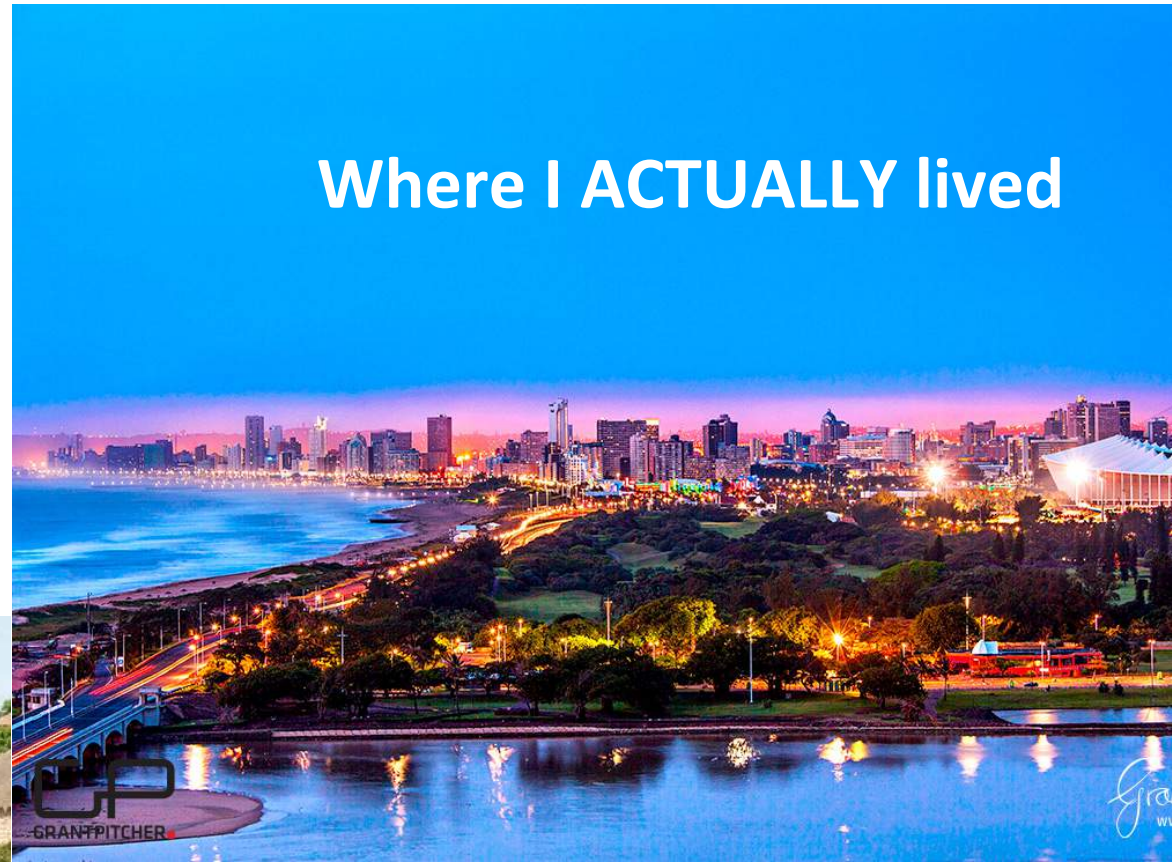

When I tell people I am
from South Africa...

Where they THINK I lived

Where I ACTUALLY lived

Chatham Island Taiko

Wildlife Hospital Trust

Established 2017

A festive graphic for the year 2018. The numbers '2018' are rendered in large, white, 3D block letters. They are set against a dark purple background with a bokeh effect of out-of-focus lights in shades of orange, yellow, and red. Numerous small, colorful confetti pieces in blue, yellow, red, and orange are scattered throughout the scene, particularly concentrated around the numbers.

2018

15 January

Stats since opening:

- Total Admissions to date = 251 (5 months)
 - Predicted 350 in 12 months!!
- Species = 30
- Yellow-eyed Penguins = 69
 - 260 breeding pairs (520 birds) on South Island
- YEP success rate = 91%
 - Around 10% of breeding population
- Overall Success rate = 76%

Memorable Cases

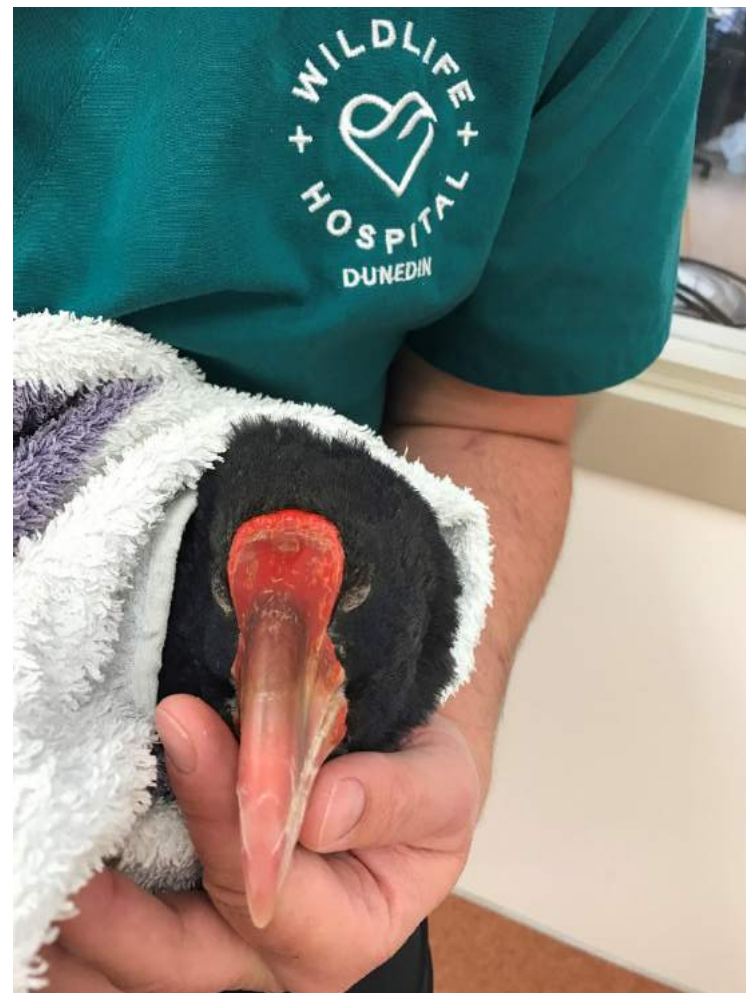

**Sampson the Kea with
head trauma**

**Yellow-eyed Penguin
from Harrington Point
who was weak, anaemic,
starved and critically ill.**
